

Slater's Driven Individual Scholarship

A message from the scholarship donor:

Throughout my high school years, I was very blessed to serve on several boards through school, church, and community organizations in Ulysses and hope to continue to as I attend college. As my high school years came to a close, I was very honored to have received scholarships, as that was the only way I would have the opportunity to attend college. Having received various college scholarships, my goal is to pay it forward and be able to give a scholarship so that I may bless others, as I was blessed my senior year of high school.

My hope is that the recipient of this scholarship will have a servant heart towards the school and community organizations they serve, along with a drive that empowers others to become better individuals. While I feel that your GPA and test scores are important, I feel that your community service and organizational involvement are equally important. To you, the student applying, remember that leadership positions don't just look good on paper, but that your leadership and service positions look good on you when you put your best foot forward while serving the organization that you're leading. Please fill out the application in its entirety and best of luck to those that apply. Always remember, as Robert Greenleaf says, "Serve First, Lead Second".

Thank you for applying!

Slater Y. Heglin
2019 Ulysses High School Graduate
